HONOURING THE PAST WHILE CRAFTING THE FUTURE

ABOUT VAN ROSSUM

At Van Rossum, we have been hand-crafting solid and sustainable furniture in our Dutch workshop since 1978. We collaborate with some of the world's most notable designers, architects and creatives, and Van Rossum's unique design DNA is shaped by the convergence of our respective narratives. For over 40 years, a love of quality craftsmanship, mindful materiality and honesty in design have remained the hallmarks of our brand.

As we enter a new phase in the company's history, we are widening the perception of contemporary living by introducing a unique and personal vision of the home. This vision is characterised by a timeless and elegant aesthetic, which is the result of tireless refinement and intense dedication to craft and process.
